Date : 21st September, 2025

Venue : All India Institute of
Medical Sciences, New Delhi

Conference Brochure

Welcome Message

We are delighted to announce the 47th Annual Conference of the Association of Otolaryngologists of India (Delhi State), a landmark event that continues our legacy of academic excellence and innovation in the field of ENT. The conference will be graced by esteemed national and international faculty whose vast experience and expertise in the field of otolaryngology will undoubtedly make this event an enriching academic feast for all delegates.

This year's conference holds special significance as it is being organized in proud association with the premier medical institution of the country — AIIMS, New Delhi. As a unique highlight of AOICON Delhi 2025, we are introducing hands-on cadaveric dissection courses for the very first time in the history of our annual meets. We are conducting all three major dissection modules — under one unified event.

- Head and Neck Dissection
- Temporal Bone Dissection
- FESS (Functional Endoscopic Sinus Surgery) Dissection

This unprecedented academic integrated approach promises a comprehensive and immersive training experience for practicing ENT surgeons, residents, and postgraduate students alike.

By popular demand, our highly successful instructional courses will continue to be a key feature in this year's edition of the conference. These sessions are thoughtfully curated to focus on practical aspects of the specialty and the latest advancements in the field. They offer a unique platform for delegates to engage in one-on-one interactions with our distinguished faculty, fostering deeper insights and enhanced learning. Additionally, this year's conference will feature dedicated training modules in Robotic Surgery in ENT, complemented by a fully equipped hands-on dissection lab accessible throughout the duration of the conference. This initiative underscores our commitment to embracing the latest technological advancements and preparing our fraternity for the future of surgical practice.

We invite you to be a part of this pioneering academic endeavour — a confluence of knowledge, skill enhancement, and innovation — set against the backdrop of one of India's most respected institution.

Attractions of Delhi

Humayun's Tomb

This magnificent mausoleum, built in the 16th century, is considered a precursor to the Taj Mahal. It showcases the grandeur of Mughal architecture with its red sandstone facade, intricate carvings, and symmetrical design.

Qutub Minar

The tallest minaret in India, this towering structure is a UNESCO World Heritage Site. It represents the early Islamic architecture in India, with its intricate carvings and red sandstone construction.

Jama Masjid

One of the largest mosques in India, Jama Masjid is a symbol of Mughal power and architectural brilliance. Its grand courtyard, red sandstone facade, and twin minarets are a testament to its magnificence.

Red Fort's Lahori Gate

Red Fort's Lahori Gate: This imposing gateway is the main entrance to the Red Fort, a UNESCO World Heritage Site. It showcases the red sandstone architecture of the Mughal era and offers a glimpse into the grandeur of the fort.

India Gate

A war memorial dedicated to Indian soldiers who died in World War I and the Third Anglo-Afghan War, India Gate is a prominent landmark in New Delhi. Its imposing arch and eternal flame are a symbol of national pride and sacrifice.
